COMPOST SITE

300 West Crescent Avenue

HOURS:

• April 7, 2018 – December 16, 2018
Saturday 9:00am to 5:00pm and
Sunday 1:00pm to 5:00pm

All grass, leaves and brush are accepted with a resident compost permit. Permits can be purchased starting March 19th at Borough Hall, Monday – Friday 9am – 4:00pm. Call 201-818-4400 ext 200 for more information.

No plastic bags allowed, please use brown biodegradable bags or place in container to transport grass and leaves for residents only. NO LANDSCAPERS, CONTRACTORS OR BUSINESSES are allowed.

CUT-IT-AND-LEAVE-IT

Recycling your own grass is easy and saves you, and the town, money. Use a mulching lawnmower or replace the blade with a mulching blade. When you cut your grass, allow it to remain on the ground to be reabsorbed and provide vital nutrients to your grass. You save time by not having to bag the grass and transport it to the Compost Site. You won't have to use as much fertilizer and the cut grass helps reduce water evaporation so you use less water.

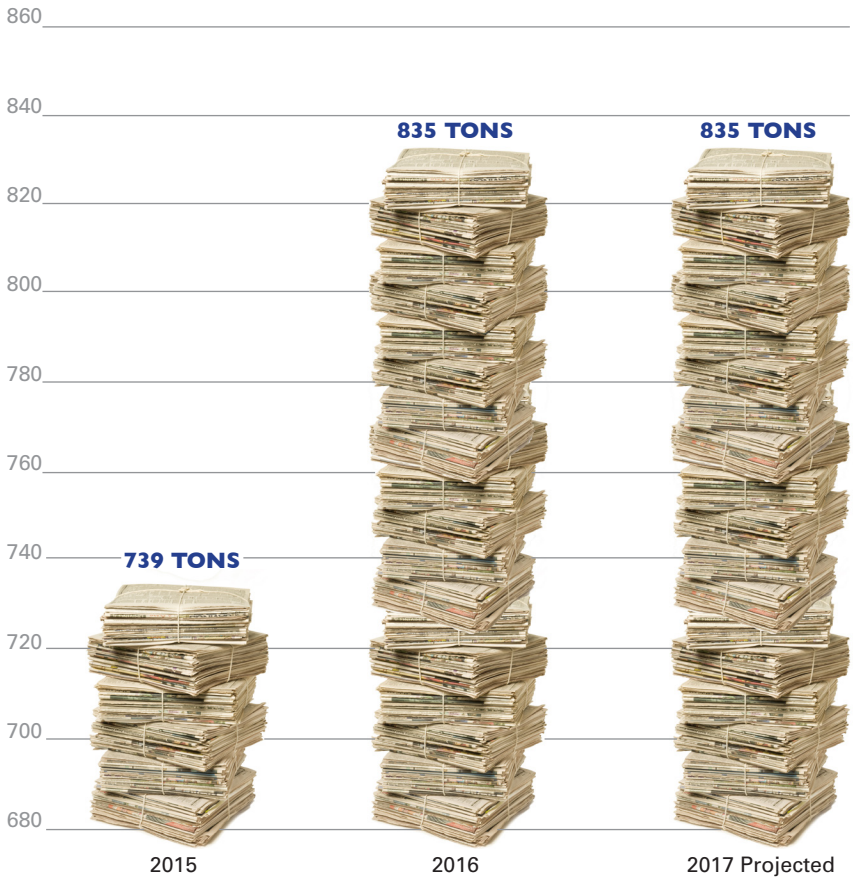
SCRAP METAL COLLECTION

The fourth (4th) Wednesday of the month for BOTH sides of the Borough. Items acceptable for curbside metal collection are:

- Anything that is at least 75% metal
- Bicycles
- Refrigerators*(remove the doors)
- Washers and dryers
- Cast iron
- Radiators
- BBQ grills – minus the propane tank
- Humidifiers

*Appliances such as refrigerators, air conditioners, etc., containing "Freon or CDC's" must be certified that the Freon and CDC's have been removed by a certified person or vendor and a sticker (supplied by the removal company) must be attached to the appliance. This is required by law!

BOROUGH OF ALLENDALE RECYCLING



Last year Allendale's recycling was at 34% of household waste, which is up from prior years. Not only do we receive revenue from our recycling company... we also pay less in tipping fees to our garbage collector! In 2016, Allendale saved $59,326.26 in garbage disposal fees by recycling! This is a win-win for Allendale. Thank you to all our residents and keep on recycling.

LET'S AIM HIGHER IN 2018!!

CERT NEWS

FEMA's Community Emergency Response Team (CERT) program educates average citizens about disaster preparedness for hazards that may impact their area and provides training in basic disaster response skills, such as:

- Fire safety
- Light search and rescue
- Team organization
- Shelter fundamentals and management
- Disaster medical operations
- Disaster psychology

If you are interested in learning valuable skills to help family, friends, and neighbors during an emergency, consider joining Allendale's CERT. CERT Basic Training is offered through Bergen County in the spring and the fall. You can make a difference even if you don't have a significant amount of time to volunteer.

For questions about CERT, email allendalecertcoordinator@gmail.com.

ALLENDALE POLICE DEPT.

• Ice & Snow - Remove It Before You Go, It's the Law! •

Remember to remove all ice and snow from your vehicle before driving, especially from the hood, windows and roof. Motorists who fail to do so face fines of $25 to $75 for each offense. If flying ice or snow causes property damage or injury to others, motorists face fines of $200 to $1,000 for each offense.

• No Parking During Snowfall •

Residents are reminded that there is no parking on any street when snow has accumulated to require snow plowing within the Borough. Any vehicle left in the roadway may be towed at owner's expense. This parking prohibition remains in effect after the snow has ceased until the streets have been plowed sufficiently and to the extent that parking will not interfere with the normal flow of traffic.

• Winter Driving Tips •

- Drive slow (at or below the posted speed limit) and adjust your speed for the changing road conditions.
- Turn on your headlights, using low beams when traveling in snow.
- Increase your following distance. In winter weather, travel at least eight to 10 seconds behind the car in front of you.
- Give snowplows plenty of room to work. Don't tailgate and try not to pass.
- If you skid, don't brake or accelerate. Remove your foot from the gas, and gently steer your car in the direction of the skid (the direction the rear of your vehicle is sliding.) When your car starts heading in the desired direction, carefully straighten the wheel.
- Slow down before exiting the highway. Exit ramps often have icy patches, sharp curves and stalled or stopped vehicles.
